PROFESSIONAL SUMMARY

Computer Science and Engineering student with hands-on experience in full-stack web development using the MERN stack (MongoDB, Express.js, React.js, and Node.js). Experienced in building responsive web applications, developing RESTful APIs, and collaborating with remote development teams. Passionate about writing clean, maintainable code and continuously learning modern web technologies. Seeking a Full Stack or Frontend Developer opportunity.

TECHNICAL SKILLS

- **Frontend** : React.js, Next.js, TypeScript, JavaScript, Tailwind CSS
 - **Backend** : Node.js, Express.js
 - **Database** : MongoDB, MySQL
 - **Tools** : Git, GitHub, Postman, Jira, Figma
 - **Programming Languages** : JavaScript, TypeScript, C, C++
-

PROFESSIONAL EXPERIENCE

Junior Full Stack Developer | Pintag, US (Remote)

Jan 2025 – Oct 2025

- Collaborated with cross-functional remote teams to develop and maintain web application features.
- Participated in debugging, testing, and improving application performance.
- Maintained technical documentation and supported software development workflows.
- Worked within Agile development practices to deliver project milestones.

Web Design Trainer | Department Of Youth Development, Bogura

Nov 2022 – Dec 2022

- Conducted web design training sessions for beginner students.
- Guided students on HTML, CSS, and responsive web design fundamentals.
- Developed communication, mentoring, and technical presentation skills.

EDUCATION

Southeast University, Dhaka, Bangladesh

Expected Graduation: June 2027

Bachelor of Science in Computer Science & Engineering

Weekend Program (Friday & Saturday classes); available for full-time weekday employment.

Diploma in Computer Science & Technology

Completed: 2022

Vocational Teachers Training Institute, Bogura

PROJECTS

Portfolio Website – (Frontend) | Next.js, TypeScript, Tailwind Css

- Designed and developed a modern personal portfolio website using Next.js with responsive and mobile-first design.
- Showcased projects, technical skills, and professional experience through an intuitive user interface.
- Implemented dynamic routing, optimized image loading, and SEO-friendly pages to improve performance.
- Integrated a contact section and deployed the application for public access.
